EM/2020/33

REMINDER: Call for nominations for IPBES workshop on modelling Nature Futures scenarios

Dear IPBES members, observers and other interested stakeholders,

With reference to notification [EM/2020/32](#) (13 October 2020) I would like to remind you that the call for nominations to participate in the IPBES workshop on modelling Nature Future scenarios is closing soon.

Interested experts wishing to be nominated by a Government are encouraged to contact their IPBES National Focal Point (<https://ipbes.net/members-observers>) regarding any country-specific processes or deadlines and are requested to fill out their application form **by 9 November 2020**. Nominators (Governments or organizations) should approve the applications and submit their nominations **by 16 November 2020**. Organizations or institutions are also invited to make a nomination by 16 November.

The objectives of this workshop are to introduce the Nature Futures Framework and help catalyse the development of scenarios and models for IPBES by communities that develop and apply models of different types, scales and domains relevant to biodiversity and ecosystem services.

All nominated experts (Nominees) will need to be available for the full duration of the online workshop, scheduled for 12-15 January 2021 and are expected to participate in the possible physical workshops later in 2021.

Nominees are invited to fill out the application form and attach their curriculum vitae through the dedicated web portal at <https://ipbes.net/application-modelling-nature-futures-scenarios-workshop>

I thank you for your continued support to IPBES.

Yours sincerely,

Anne Larigaudou

Dr Anne Larigauderie | Executive Secretary
Intergovernmental Platform on Biodiversity and Ecosystem Services (IPBES)
