and regional capacities	assessments of biodiversity and ecosystem services (18897)					
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and sub-regional assessments of biodiversity and ecosystem services (18897)	Thematic Report and Summary for Decision Makers on Ecosystem and Landscape Restoration and Biodiversity and Ecosystem Services	Brazilian Platform on Biodiversity and Ecosystem Services (BPBES) (9905)	https://www.ipbes.net/contribution-type/kind-contribution	Latin American and Caribbean States (286)	2018-2020
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and sub-regional assessments of biodiversity and ecosystem services (18897)	Thematic Report and Summary for Decision Makers on Water, Biodiversity and Ecosystem Services	Brazilian Platform on Biodiversity and Ecosystem Services (BPBES) (9905)	https://www.ipbes.net/contribution-type/kind-contribution	Latin American and Caribbean States (286)	2018-2020
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and sub-regional assessments of biodiversity and ecosystem services (18897)	Thematic Report and Summary for Decision Makers on Climate, Biodiversity and Ecosystem Services	Brazilian Platform on Biodiversity and Ecosystem Services (BPBES) (9905)	https://www.ipbes.net/contribution-type/kind-contribution	Latin American and Caribbean States (286)	2018-2020
Strategy 2: Facilitating access to expertise and information	Building and supporting communities of practice (18893)	BMU International Climate Initiative (IKI) project Supporting developing country capacity to address science-policy questions through IPBES via the UNDP managed Biodiversity and Ecosystem Services capacity Network (BES-Net) and the UNEP-WCMC hosted Sub-Global Assessment Network (SGA Network).	UN Environment World Conservation Monitoring Centre (UNEP-WCMC) (10244); UNDP (607)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	2016-2021
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and regional platforms and networks on biodiversity and ecosystem services (18895)	Cameroon national ecosystem assessment - Launching the biodiversity and ecosystem services assessment in 2017 - Validation of scoping report in 2017 - Training of authors in the IPBES assessment guide, 2018-2021 - Internal dialogue among authors, 2018-2021 - Meeting with indigenous communities' representative to capture their input in the national BES assessment in 2019 - National dialogues organised in 2019 and 2020 - Review and evaluate assessment report in 2021 - Pre-validation workshop: external dialogue between authors and stakeholders 2021	Cameroon Ministry of Environment (18782); Network for environment and sustainable development in Central Africa (NESDA-CA) (18864); UN Environment World Conservation Monitoring Centre (UNEP-WCMC) (10244); UNDP (607); World Wide Fund for Nature (WWF) (1166)	https://www.ipbes.net/contribution-type/kind-contribution	African States (283)	2017-2021
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and sub-regional assessments of biodiversity and ecosystem services (18897)	BMU International Climate Initiative (IKI) project Supporting decision making and building capacity to support IPBES through national ecosystem assessments.	UN Environment World Conservation Monitoring Centre (UNEP-WCMC) (10244)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	2018-2023
Strategy 2: Facilitating access to expertise and information	Facilitating the consideration of indigenous and local knowledge (18894)	Open offer to use of Global Biodiversity Information Facility online capacity self-assessment tool and adaptation/integration with wider IPBES self-assessment needs. Ongoing work.	GBIF (1043)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and regional platforms and networks on biodiversity and ecosystem services (18895)	BMU International Climate Initiative (IKI) project Biodiversity and Ecosystem Services Network (BES-Net) phase II, supporting dialogue and cooperation between science, policy and practice for effective biodiversity and ecosystem services management, contributing to the implementation of the IPBES Work Programme and the IPBES Capacity-building Rolling Plan in partner countries. Specific country activities in up to 40 countries.	UNDP (607)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	2020-2028
Strategy 3: Strengthening national and regional capacities	Promoting and facilitating national and sub-regional assessments of biodiversity and ecosystem services (18897)	Produce scientific evidence on the importance of integrated approaches of molecular systematic, biodiversity information, indigenous and local knowledge and functional adaptation of plants to mitigate climate change.	GBIF (1043)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	2021
Strategy 2: Facilitating access to expertise and information	Building and supporting communities of practice (18893)	Enhancing the contributions of the social sciences and humanities to IPBES Toward creating a Community of Practice. Workshop, June 16 and 17, 2020	Norwegian Environment Agency (9998); The Norwegian Research Council (18784); The Social Sciences and Humanities network (SSH network) (18783)	https://www.ipbes.net/contribution-type/kind-contribution	Global (18731)	2020
Strategy 2: Facilitating access to	Building and supporting communities of practice (18893)	Seminar, November 6, 2020: Potential functions SSH can provide that IPBES needs.
