

Capacity-building activities by supporting organizations and institutions in the period 2021-2022, including submissions in response to a call by the Executive Secretary of IPBES for contributions to amplify the work on capacity-building ([EM/2022/15](#))

Name of lead organization	Country	Website	Title of contribution	Type of contribution	Contributing to other elements of the IPBES work programme	IPBES assessments	Which objective(s) and sub-objective(s) does the contribution support
Sol Research Centre	Ghana	www.solresearchcentre.com	Depth of shallow northern soils with/without biochar amendment on time water pollution intensity by runoff & leaching.	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	Policy instruments, policy support tools and methodologies		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Centre Scientifique de Monaco	Monaco	https://www.centre-scientifique.mc/fr/equipement/biologie-marine-fr/economie-environnementale	Event during the Monaco Ocean Week 2023	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Policy instruments, policy support tools and methodologies		Objective 2(b): Facilitated access to expertise and information
Independent	India		Activity to promote Participatory approaches to sustainable Natural Resources Management	Support to communities of practice engaging in IPBES	Policy instruments, policy support tools and methodologies		Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
PAY-W Clinic	India		Article and reviews	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Support to communities of practice engaging in IPBES	IPBES assessments; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information
Beeco initiative	Azerbaijan	https://beecoblogger.blogspot.com/	Beeco booklet	Learning material (e.g., video, presentation, booklet, article and website)	Indigenous and local knowledge systems		Objective 2(c): Strengthened national and regional capacities
International Academy of Science, Health & Ecology / University of SÃ£o Paulo	Brazil	https://www.academia.edu/s/07f427bcd1	Reframing Relationships Between Humans and the Earth: An Ecosystem Approach to Advocacy, Communication, Public Policies, Research and Teaching Programs	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives	IPBES assessments; Policy instruments, policy support tools and methodologies; Scenarios and models	Engagement with ongoing assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
University of Bejaia Algeria	Algerie		Les mammifères sauvages d'Algérie	Learning material (e.g., video, presentation, booklet, article and website); Support to national or	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems	Engagement with ongoing assessments; Uptake and use of	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to

			R�partition et Biologie de la conservation	(sub)regional platforms or networks engaging in IPBES		approved IPBES assessments	expertise and information; Objective 2(c): Strengthened national and regional capacities
�Living Green Empowerment Organization - NGO	Iran	Atazis.ir; � https://prof.um.ac.ir/MahdiKolah	Any one: activity & event &	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Halu Oleo University	Indonesia		The phenomenon of epiphyte attachment to the thallus of the economically important macroalga <i>Kappaphycus alvarezii</i> Doty	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Data management and knowledge generation		Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities
Crop Diseases Research Institute (CDRI)	Pakistan	https://www.parc.gov.pk	Project proposal no. Ps/nslp p/c narc(1005) entitled invasive potato pest cyst nematode (pcn) or golden nematode (<i>Globodera</i> spp.) Surveillance, monitoring, molecular characterization and preliminary management in specific agro-ecologies of Pakistan.	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models		Objective 2(a): Enhanced learning and engagement
Ministry of Planning and Development	Trinidad and Tobago	https://www.planning.gov.tt/	BES-Net TT (BES-Net Phase II - Implementation of Component I in Trinidad and Tobago)	Larger capacity-building projects or initiatives	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Institute for Biodiversity Network e.V.	Germany	https://www.umweltbundesamt.de/en/topics/sustainability-strategies-international-cooperation-ecca-centraleastern-european-states/project-database-advisory-assistance-	Strengthening the World Biodiversity Council IPBES by capacity building in the EECCA-Region	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities

Brazilian Platform on Biodiversity and Ecosystem Services/BPBE S	Brasil	https://www.bpbes.net.br/	Coastal-Marine Brazilian Assessment on Biodiversity and Ecosystem Services	Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Brazilian Platform on Biodiversity and Ecosystem Services/BPBE S	Brasil	https://www.bpbes.net.br/	Thematic Report on Agriculture, Biodiversity and Ecosystem Services	Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Brazilian Platform on Biodiversity and Ecosystem Services/BPBE S	Brasil	https://www.bpbes.net.br/	Thematic Report on Invasive Alien Species, Biodiversity and Ecosystem Services	Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
sustainable Development and Biological Diversity	Angola	www.dbds.africa.org	Meeting	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Indigenous and local knowledge systems		Objective 2(c): Strengthened national and regional capacities
Geo-Tech Consultancy Services	Pakistan	https://www.gcpspakistan.com	BESG Sustainability Reporting	Support to national or (sub)regional platforms or networks engaging in IPBES	Policy instruments, policy support tools and methodologies		Objective 2(c): Strengthened national and regional capacities
National Pingtung University of Science and Technology (NPUST)	Taiwan	https://moodle.npu.edu.tw/moodle/course/view.php?id=12804	To include IPBES (Week 5) as teaching theme in Citizen Participation and Sustainable City course hosted by General Education Center, NPUST	Learning material (e.g., video, presentation, booklet, article and website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(a): Enhanced learning and engagement
IPBES Denmark	Denmark	www.ipbes.dk	IPBES teaching material to high schools disseminated	Learning material (e.g., video, presentation, booklet, article and website)	Data management and knowledge generation		Objective 2(a): Enhanced learning and engagement
Green Technology Education Centre	Canada	https://gteccanada.ca	False Creek Climate Crisis Education Centre	Larger capacity-building projects or initiatives	Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
ASSOCIATION TO SAVE SEA TURTLES IN MOROCCO _ ATOMM	MOROCCO	http://www.atomm.ma	7th mediterranean conference on marine turtles	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Data management and knowledge generation		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Environmental Protection Information Centre	Uganda		Establishment of Vetiver Grass Nursery and Hedge Rows for control of	Larger capacity-building projects or initiatives	IPBES assessments; Indigenous and local knowledge systems	Engagement with ongoing assessments; Uptake and use of	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information

			Eutrophication in Lake Victoria			approved IPBES assessments	
Universitas Indonesia - Research Center for Climate Change (RCCC UI)	INDONESIA	https://rccc.ui.ac.id/mochammad-indrawan/	promoting Global Assessment Report on Biodiversity and Ecosystem Service IPBES (2019)	series of lectures using an promoting IPBES (2019) report especially in raising the awareness of the importance in valuing and putting into practice Ecosystem Services. My classes post graduate level, were Sustainable Development and Political Ecology.	IPBES assessments; Policy instruments, policy support tools and methodologies	Engagement with ongoing assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities
Red de Cooperación Amazónica REDCAM	Venezuela		Polinizadores Meliponas en comunidades locales riberos	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Support to national or (sub)regional platforms or networks engaging in IPBES	Indigenous and local knowledge systems		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Federal Agency for Nature Conservation	Germany		IPBES Youth Workshop 2022; Capacity Building and Strengthening of Engagement of Youth through representatives of Youth networks	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Data management and knowledge generation; Policy instruments, policy support tools and methodologies; Scenarios and models		Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities
Centre for Blue Governance / University of Portsmouth	United Kingdom	https://www.port.ac.uk/research/research-centres-and-groups/centre-for-blue-governance	Training Course on Blue Economy valuation toolkit	Learning material (e.g., video, presentation, booklet, article and website)	Policy instruments, policy support tools and methodologies		Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities
French Foundation for Research on Biodiversity	France	https://www.fondationbiodiversite.fr/en/	Webinar for French experts to apply to the nexus and transformative change call for nominations	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(c): Strengthened national and regional capacities
French Foundation for Research on Biodiversity	France		IPBES external review workshops	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(c): Strengthened national and regional capacities
French Foundation for Research on Biodiversity	France		Courses on IPBES and IPCC for high-level public servants	Learning material (e.g., video, presentation, booklet, article and website)	IPBES assessments; Policy instruments, policy support tools and methodologies	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
China Biodiversity conservation and Green Development Foundation	China	http://www.cbcdgdf.org/English/index.html	CBCGDF Helps Mainstreaming Biodiversity and IPBES's Biodiversity Report in China	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website)	Data management and knowledge generation		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information
French Foundation for Research on Biodiversity	France		Workshop to support the participation of French-speaking African delegations to IPBES 7th plenary session	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	Policy instruments, policy support tools and methodologies		Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities

National Research Council Water Research Institute (CNR-IRSA)	Italia	https://www.irsa.cnr.it/wp/?page_id=807&lang=en	Activities on biodiversity and alien species invasiveness	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website)	Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information
National Institute of Rural Development and Panchayati Raj	INDIA	http://nirdpr.org.in/	CAPACITY BUILDING ON CONSERVATION AND SUSTAINABLE USE OF BIODIVERSITY AT THE PANCHAYAT LEVEL	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Larger capacity-building projects or initiatives	IPBES assessments; Policy instruments, policy support tools and methodologies; Scenarios and models	Uptake and use of approved IPBES assessments	Objective 2(c): Strengthened national and regional capacities
United Nations Development Programme	Kenya	https://www.besn.et.world/	UNDP's contribution to IPBES's capacity building work through BES-Net	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	Data management and knowledge generation; Indigenous and local knowledge systems		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
UNEP-WCMC	UK		National Ecosystem Assessment Initiative (NEA Initiative)	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	Policy instruments, policy support tools and methodologies		Objective 2(c): Strengthened national and regional capacities
Reframe Sustain	United States	www.reframesustain.com	Reframe Sustain: An platform for prioritizing company actions on outward impacts to the environment and society	Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to communities of practice engaging in IPBES	IPBES assessments; Data management and knowledge generation	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
University of Stirling	UK	https://www.thebeaconproject.net/	"Power Up!": A mobile phone video game about Sustainable Development Goal trade-offs	A game for mobile phones: directly linking people, science-led data collection, and policy-makers	Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models		Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Plymouth Marine Laboratory	United Kingdom	www.pml.ac.uk	UN Climate Change meeting COP26 side event: 'Nature-Climate-People: tales from across the ocean'	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information

Biodiversa+	International	https://www.biodiversa.org	BiodivERSA Webinar on the IPBES Thematic assessment of the interlinkages among biodiversity, water, food and health	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(b): Facilitated access to expertise and information
Ecosystem Services Partnership	Netherlands	https://www.es-partnership.org/	Global ESP Expert Workshops: contributing reviews for the second order draft of the IPBES assessment on values of Nature	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
Belgian Biodiversity Platform (host Belgian IPBES NFP)	Belgium	https://www.biodiversity.be	ECA (European & Central Asia Network) Virtual Event	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(c): Strengthened national and regional capacities
Ocean One Social Research Centre	Uganda	https://www.oosrc.org	Enhancing the knowledge and skills of local and indigenous communities in Uganda to enable and facilitate engagement in the use of IPBES products	Larger capacity-building projects or initiatives; Support to communities of practice engaging in IPBES	Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies		Objective 2(b): Facilitated access to expertise and information
Belgian Biodiversity Platform / IPBES NFP Belgium	Belgium	https://www.biodiversity.be	IPBES stand at the Biodiversity Spring Mark (organised by the Belgian Biodiversity Platform)	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
Belgian Biodiversity Platform / IPBES NFP Belgium	Belgium	https://www.biodiversity.be	Presentation at the Green Post-corona Talks organised by GEF (Green Europe Foundation) in cooperation with Oikos. Title: IPBES role in supporting the policy debate (by Hilde Eggermont)	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
Belgian Biodiversity Platform / IPBES NFP Belgium	Belgium	https://www.biodiversity.be	Presentation at a meeting with IPBES Organizational Focal Points organised by the NFP Netherlands. Title: The IPBES National Focal Point for Belgium & the Belgian IPBES network (by Lise Goudeseune and Hilde Eggermont)	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(c): Strengthened national and regional capacities

Belgian Biodiversity Platform / IPBES NFP Belgium	Belgium	https://www.biodiversity.be	(future/on hold) Exploration of a Belgian IPBES-like assessment.	Learning material (e.g., video, presentation, booklet, article and website); assessment	Policy instruments, policy support tools and methodologies		Objective 2(b): Facilitated access to expertise and information
In Community and with the Ecosystems, Citizen Group (En Comunidad y con los Ecosistemas, Grupo Ciudadano)	México		Exploratory study for the design of a strategy for knowledge management that increases community adaptation and resilience capacities to Climate Change in the eastern region of the State of Mexico, Mexico.	Support to communities of practice engaging in IPBES	Indigenous and local knowledge systems; Scenarios and models		Objective 2(a): Enhanced learning and engagement
Ministry of the Environment of Japan	Japan		Public seminar on the results of IPBES8	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
Ministry of the Environment of Japan	Japan		Public seminar on biodiversity and lifestyles drawing on the key messages of IPBES Global Assessment Report	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
Ministry of the Environment of Japan	Japan		Information exchange for IPBES technical experts	Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(c): Strengthened national and regional capacities
Ministry of the Environment of Japan	Japan		Development of summaries on key findings of the IPBES-IPCC co-sponsored workshop report in Japanese	Learning material (e.g., video, presentation, booklet, article and website)	IPBES assessments	Uptake and use of approved IPBES assessments	Objective 2(b): Facilitated access to expertise and information
CABES - Capacity Development for Biodiversity and Ecosystem Services Experts in West, Central, and East Africa	West, Central, and East Africa	https://www.cabes.online	CABES - Capacity Development for Biodiversity and Ecosystem Services Experts in West, Central, and East Africa	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES; Implementation of a MSc program on Science-Policy-Practice Interfaces on Biodiversity, Ecosystem Services and Climate Change "SPIBES in Côte d'Ivoire, Democratic Republic of Congo and Ethiopia	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities

German IPBES Coordination Office (German Aerospace Center)	Germany	https://www.de-ipbes.de/en/Contact-1761.html	Coordination of all aspects of IPBES work at national level	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
German Federal Agency for Nature Conservation (BfN) together with GIZ GmbH and KfW Entwicklungsbank	Germany	https://www.bfn.de/sites/default/files/2021-05/INA_Flyer-Biodiversitaet_EZ-2020.pdf	Workshop for staff of the German Development Cooperation	Activity or event (e.g., meeting, workshop, webinar, conference, article, website)	IPBES assessments	Engagement with ongoing assessments	Objective 2(b): Facilitated access to expertise and information
Institute for Biodiversity Network (ibn)	Germany	https://biodiv.de/en/projekte/aktuell/ipbes-capacity-building-1.html	Strengthening IPBES by capacity building in the EECCA region (Eastern Europe, Caucasus and Central Asia)	Activity or event (e.g., meeting, workshop, webinar, conference, article, website); Learning material (e.g., video, presentation, booklet, article and website); Larger capacity-building projects or initiatives; Support to national or (sub)regional platforms or networks engaging in IPBES; Support to communities of practice engaging in IPBES	IPBES assessments; Data management and knowledge generation; Indigenous and local knowledge systems; Policy instruments, policy support tools and methodologies; Scenarios and models	Engagement with ongoing assessments; Uptake and use of approved IPBES assessments	Objective 2(a): Enhanced learning and engagement; Objective 2(b): Facilitated access to expertise and information; Objective 2(c): Strengthened national and regional capacities
